Maybe even better than free.

The cost of that data transfer is covered by your internet service or the data plan on your phone. Simply upload your file and share the link. Using file, you can circumvent those limits without paying to upgrade your team chat service. If only we could, we surely would! On the other hand, using file can actually save you money. No account or credit card is required to get started. Files can be downloaded from any computer from our high speed servers. Just upload the file you want to share with your friends and we send you a download link to your file. You decide who you want to share your files with. You don't need anyspecial software installed to be able to download your files. It is also allowed to link to the download page from websites and communities. Unfortunately, wecan't make that part free. We have no file size limit. Our service is completely free for everyone. You can give this download link to your friends by mail orinstant messenger. filehosting provides an easy possibility for you to send large files to your friends. Keep your files private, or send your download links onlyto friends or family. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size offiles that can be transferred within their apps. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. This is easy, fastand reliable filehosting! You don't need any kind of premium-accounts. File is free to use with no gotchas and no hidden fees. There are no restrictions on the number of times a file can be downloaded. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Files transferred the old-fashioned way tend to pileup and be forgotten about, eventually costing you money in data storage fees. Any file in any format can be uploaded and downloaded for free. Alternativelyyou can choose to share your download links on blogs, forums and social networking sites. So try our free and simple filehosting service now. You can uploadany type of file (movies, music, documents, images, zip files and more).
