Maybe even better than free.

We have no file size limit. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. File is free to use with no gotchas and no hidden fees. You decide who you want to share your files with. Just upload the file you want to share with your friends and we send you a download link to your file. You don't need any special software installed to be able to download your files. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing youmoney in data storage fees. Alternatively you can choose to share your download links on blogs, forums and social networking sites. This is easy, fast andreliable filehosting! You don't need any kind of premium-accounts. Unfortunately, we can't make that part free. Using file, you can circumvent those limitswithout paying to upgrade your team chat service. filehosting provides an easy possibility for you to send large files to your friends. If only we could, we surelywould! On the other hand, using file can actually save you money. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. No account or credit card is required to get started. Files can be downloaded from any computer from our high speed servers. You can upload any type of file (movies, music, documents, images, zip files and more). So tryour free and simple filehosting service now. Keep your files private, or send your download links only to friends or family. You can give this download link toyour friends by mail or instant messenger. Simply upload your file and share the link. It is also allowed to link to the download page from websites andcommunities. There are no restrictions on the number of times a file can be downloaded. The cost of that data transfer is covered by your internet service or thedata plan on your phone. Our service is completely free for everyone. Any file in any format can be uploaded and downloaded for free. When you use file, youavoid storing the file you're sending in your cloud storage or mail server.
