Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. No account or credit card is required to get started. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Just upload the file you want to share with your friends and we send you a download link to your file. So try our free and simple filehosting service now. File is free to use with no gotchas and no hidden fees. The cost of that data transfer is covered by your internet service or the data plan on your phone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Our service is completely free for everyone. Using file, you can circumvent those limits without paying to upgrade your team chat service. Simply upload your file and share the link. Unfortunately, we can't make that part free. It is also allowed to link to the download page from websites and communities. You can give this download link to your friends by mail or instant messenger. Any file in any format can be uploaded and downloaded for free. You can upload any type of file (movies, music, documents, images, zip files and more). You decide who you want to share your files with. We have no file size limit. Files can be downloaded from any computer from our high speed servers. Your wallet will benone-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then fromour servers to your friends device. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. If only we could, we surely would!On the other hand, using file can actually save you money. You don't need any special software installed to be able to downloaded. Keep
