Maybe even better than free.

No account or credit card is required to get started. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Your wallet will be none-the-lighter! Just so we’re all 100% clear here: When you share a file, data is being transferred between your computer or phone andour servers, then from our servers to your friends device. It is also allowed to link to the download page from websites and communities. Why pay storage feesfor a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps. Files can be downloaded from any computer from our high speed servers. You can give this download link to your friends by mail or instant messenger.The cost of that data transfer is covered by your internet service or the data plan on your phone. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees. filehosting provides an easy possibility for you to send large files to your friends. Ourservice is completely free for everyone. You don't need any special software installed to be able to download your files. Unfortunately, we can’t make that partfree. File is free to use with no gotchas and no hidden fees. You can upload any type of file (movies, music, documents, images, zip files and more). Simplyupload your file and share the link. Keep your files private, or send your download links only to friends or family. We have no file size limit. Any file in anyformat can be uploaded and downloaded for free. When you use file, you avoid storing the file you’re sending in your cloud storage or mail server. This is easy,fast and reliable filehosting! You don't need any kind of premium-accounts. So try our free and simple filehosting service now. You decide who you want toshare your files with. There are no restrictions on the number of times a file can be downloaded. If only we could, we surely would! On the other hand, usingfile can actually save you money. Just upload the file you want to share with your friends and we send you a download link to your file. Using file, you cancircumvent those limits without paying to upgrade your team chat service.
