Maybe even better than free.

Files can be downloaded from any computer from our high speed servers. You can give this download link to your friends by mail or instant messenger. If only we could, we surely would! On the other hand, using file can actually save you money. Keep your files private, or send your download links only to friends or family. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. Simply upload your file and share the link. Our service is completely free for everyone.When you use file, you avoid storing the file you're sending in your cloud storage or mail server. filehosting provides an easy possibility for you to send largefiles to your friends. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size offiles that can be transferred within their apps. Unfortunately, we can't make that part free. You can upload any type of file (movies, music, documents, images,zip files and more). The cost of that data transfer is covered by your internet service or the data plan on your phone. It is also allowed to link to the downloadpage from websites and communities. You decide who you want to share your files with. There are no restrictions on the number of times a file can bedownloaded. So try our free and simple filehosting service now. You don't need any special software installed to be able to download your files. This is easy,fast and reliable filehosting! You don't need any kind of premium-accounts. Any file in any format can be uploaded and downloaded for free. Using file, youcan circumvent those limits without paying to upgrade your team chat service. Alternatively you can choose to share your download links on blogs, forums andsocial networking sites. No account or credit card is required to get started. Just upload the file you want to share with your friends and we send you a downloadlink to your file. File is free to use with no gotchas and no hidden fees. We have no file size limit. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees.
