Software does not include any Open Source Software as defined below.

<http://cornerwebstudio.com/images/bullex-intelligent-training-system-user-manual.pdf>

As part of this license, you may A operate the Software in the manner described in the user documentation for the Software; B where the Software is provided for download onto a personal computer or mobile device, make as many copies of the Software as you reasonably need for your own use this does not include firmware; and C permanently transfer all of your rights to use the Product including but not limited to the Software to another person, so long as that person also agrees to be bound by this Agreement, and following such transfer you stop using the Product and the Software. You only have the nonexclusive right to use the Software in accordance with this Agreement. All rights not expressly granted to you by Belkin under this Agreement are hereby reserved by Belkin. You will not acquire such rights, whether through estoppel, implication, or otherwise. Such terms of use may prohibit you from doing some of the things you are permitted to do under this Agreement, or permit you to do some of the things you are prohibited from doing under this Agreement. In addition, application of the App Store's terms of use may result in other terms of this Agreement not being applicable to the Software or applying in a different way than this Agreement states. If your use of the Software is subject to an App Store's terms of use, then in the event of any conflict or ambiguity between the terms of this Agreement and such App Store's terms of use, the App Store's terms of use will govern, but only to the extent necessary to resolve such conflict or ambiguity, and the terms of this Agreement will otherwise remain in full force and effect. Notwithstanding anything to the contrary in this Agreement, by using the Software, you acknowledge and agree that it is solely your responsibility to understand the terms of this Agreement, as well as the terms of use of any App Store that may be relevant to the Software or the Product.

If you decide not to download and use an upgrade or update provided by Belkin, you understand that you could put the Software at risk to serious security threats or cause the Software to become unusable or unstable. Some Products include an autoupdate feature, which gives us the ability to make updates automatically. You can change autoupdate options by changing your settings within the Product account information. In very limited cases, updates may still be automatically applied, regardless of the autoupdate setting. For example, we may provide an automatic update that fixes a security breach or vulnerability to your network. We may also provide you with updated Software data files automatically to benefit you, such as to provide you with updated device information to identify new devices in your network. These data files do not update your firmware, but consist of Software files that are cached on your Product and override older files. By agreeing to this Agreement, you agree to automatic updates. Our goal is to provide you with a positive experience when using our apps, products and services, while at the same time keeping your Personal Information, as defined in the Belkin Privacy Policy the "Privacy Policy", secure. Our privacy

practices are described in the Privacy Policy, as well as in separate notices given when an app, product or service is purchased or downloaded. By using Belkin Products or providing us with your Personal Information, you are accepting and consenting to the practices, terms and conditions described in the Privacy Policy. At all times your information will be treated in accordance with the Belkin Privacy Policy, which is incorporated by reference into this Agreement and can be viewed here. This license does not apply to Open Source Software contained in the Software. Rather, the terms and conditions in the applicable Open Source Software license shall apply to the Open Source Software.

If the Software has been installed on a personal computer or mobile device, you must uninstall the Software immediately. If the Software is software or firmware embedded on a Product, you must stop using the Product. All provisions of this Agreement except for Section 1 and the limited warranty in Section 12 the first paragraph will survive termination. This Agreement constitutes the entire agreement between Belkin and you with respect to the Software and your use thereof and supersedes any conflicting or additional terms contained in any purchase order or elsewhere. No provision of this Agreement may be waived, modified or superseded except by a written instrument accepted by Belkin and you.
